

Jump Start Correspondence Writing Program

Training for Triumph can help you jump start your student's writing in six weeks through our new Jump Start Correspondence Writing Program! TFT is now offering a six-week "distant" program that can be done during any six week period you desire (even during the summer!) for students in fourth through twelfth grade (or for adults who desire writing remediation).

The Jump Start program works similarly to our regular one-semester correspondence writing classes. You choose the level, send your registration and payment, and mail us six SASE that are 9 x 12 or larger with \$2.00 worth of postage on each one. TFT will send you a six-week book, a corresponding cd that describes the lessons in the book, and a syllabus for the six week period.

Then you oversee your student (some even work with the student for the six weeks, so the parent learns too!) in his assignments for that particular week and mail them to TFT by Friday of each week. Then, you begin the next week's assignments. In the meantime, TFT will evaluate your student's work and create a cd describing suggested revisions and usage errors. This combined critique (written edits with verbal feedback) will help your student grow in his or her writing quite rapidly.

Mail registration form to TFT Correspondence Writing Program, 6456 E US 224, Craigville, IN 46731; email us at trainingfortrionph@mchsi.com; or call for more information (260-597-7415).

Cost: \$60 per student for the six weeks tuition; \$20 for the book; \$10 for cd's and processing. Send \$90 per student with the registration form below.
